

INTRODUCING

Wayne PWR™ DC fast charger

**BE THE FIRST
TO HAVE IT**

Key Benefits

Engineered for Durability Enabled with vandal-proofing, UV and scratch resistance.

Generate New Revenue Streams and Unlock Driver Insights. Leverage EV charging data to provide personalized experiences. Monitor chargers in real time with cloud-based charge station management system.

Comprehensive Service. Remote diagnostics with a nationwide service network.

Customizable Interface. Multi-language digital touchscreen. Displays power level, remaining time-to full-charge and energy consumption.

Easy, Secure Payments. Features the POS agnostic PAX payment platform at launch, with integration of Wayne iX Pay® secure payment platform coming soon.

Custom Branding Designed. Capable on both exterior and digital screen.

**It's so new
Wayne chose us
to deliver it to you.**
